consuming, so thank you to Monica and her committee for their hard work.

Bell Schedule has more consistent release times and will not have to change when there are 4 day weeks

More Homeroom Class Periods

Time period of classes reduces to 75 minutes, which is better for middle school age students.

Question around WHY the reduction in periods from 8 to 7. Less class sections will be offered and class sizes (teacher/student ratio) increases to decrease number of teachers. This results from district budget reduction due to decreased enrollment. A main objective of Dr. Mucetti is to increase NVUSD student enrollment.

Staff Holiday Party: Thank you from the staff. They felt special and valued, good team building amongst teachers who were able to enjoy lunch together.

Zombie Run Duct Tape Happened

Yet to happen: the teachers to run the mile for the students who earned that

Visual and Performing Arts Performances:
Jazz/Dance program at the Day of the Dance at Napa High

Band/Orchestra students and Choir
Students performed for parents

ParentSquare now has option to do a sign up instead of needing to set up a google doc or sign up genius
